Congratulations

Thank you for your continued support in helping your students grow! The Ei ASSET Test is not just an exam—it's a diagnostic tool that gives deep insights into students' skills performance and areas that need attention. Your efforts in enabling students to perform well and in interpreting Ei ASSET reports are crucial to their long-term success.

Class 8-C

English

Vasant Valley School

Unique Code: 3139-8-C-1-2967

JAN 2026 3139/026/ENG8C

Why this Teacher MyBook matters:

Every classroom is different, and every student learns in their own way. The Teacher MyBook gives you a focused summary of how your students has performed on key learning outcomes - highlighting both strengths and gaps. Use this resource as a guide to personalize your feedback to students or support remediation in specific areas.

How to access question-wise analysis and more for actionable insights:

You can scan the QR code on the right to get the practise questions, Common Wrong Answers (misconception questions), Difficult and Easy questions in your section. Additionally, each of your students can also login and access the practise questions portal on their own, more details as to how to login is written in the respective Student MyBooks.

1. Unique Code: 3139-8-C-1-2967
2. Scan the QR code
3. Enter the Unique Code to access practice questions and question performance data

Highlights

Your class 8C, has performed better in comparison to the national average in the English ASSET paper.

Sections	No of students	Scaled Score

! *Questions that students in your class struggled with*

APPENDIX: Understanding Your Report

This section helps you understand what the different scores and terms in your report mean. Your MyBook is personalized to give you clear insights into how you're doing and where you can grow.

Raw Score

This is the number of questions a student answers correctly in a subject.
Example: If a student answers 18 out of 30 questions correctly, their raw score is 18.

Scaled Score (200–800)

The scaled score shows how well a student performed, adjusted for the difficulty of the questions. This applies to both online and pencil-and-paper versions of Ei ASSET. Scaled scores are a fairer way of awarding scores compared to raw scores.

For example, If two students get the same number of answers correct, but one answers more difficult questions while the other answers more easy ones, the first student will have a higher scaled score — because it reflects the challenge level of the questions answered.
Ei ASSET uses Item Response Theory model for calculating the scaled score, it takes into account 2 parameters :

1. **Difficulty** – How hard a question is (fewer students get it right)
2. **Discrimination** – How well a question distinguishes students with different ability/skill levels

Scaled Scores range from **200** (minimum) to **800** (maximum), with an average of **500**.

Percentile (0–100)

A percentile shows how a student has performed compared to others.
For example, a 70th percentile indicates that the student scored better than 70% of all test-takers.

Stanine (1–9)

Stanine groups students into nine bands based on their percentile scores, with 1 representing the lowest band and 9 representing the highest.

Skill Accuracy

This is the percentage of questions a student answers correctly in each skill area.

Strong Skills: Skills with accuracy above 35%. Rank in descending order of accuracy, select the top 1–2. In case of a tie, prefer the skill with lower global accuracy; if still tied, choose randomly.

Weak Skills: Bottom two skills with the lowest accuracy, excluding strong skills and those with 100% accuracy. Rank in ascending order of accuracy; in case of a tie, prefer the skill with higher global accuracy, else choose randomly.

Year-on-Year (YoY) Graph

The graph shows a student's performance trend in each subject over the last three years/attempts (if available). It provides a useful way to reflect on their academic growth.

Awards

If a student has performed exceptionally well, they may receive one or more awards in their report. These are based on how the student's scores compare with those of peers across the country.

Outstanding	Top 1% (i.e. 99 percentile and above) of all test takers in that class when the average of English, Math and Science subjects are taken
Distinguished	Next 5% (i.e. 94 percentile to 98 percentile) of all test takers in that class when the average of English, Math and Science subjects are taken
Creditable	Next 10% (i.e. 84 percentile to 93 percentile) of all test takers in that grade when the average of English, Math and Science subjects are taken
Subject Outstanding	Top 1% (i.e. 99 percentile and above) of all test takers in that class for that particular subject
Subject-Class Topper	Highest scorer in a school for a particular class-subject (with ≥75th percentile)
